Issue 3

PPE Product

DuPont™ Tychem® 6000 F Accessory series of garments, manufactured using grey Tychem® 6000 F fabric with sewn internal seams with external over-taping. The garment styles & size options are as follows:

- a) Gown (shin length) with closure at back, elasticated sleeves, which is available in two nominal sizes; Model PL50.
- b) Apron (shin length) with neck & waist ties, which is available in one size only; Model PA30L0.
- c) Sleeves (50 cm length) with elastics at cuffs & upper arm, which is available in one size only; Model PS32LA.
- d) Boot cover (knee length) with a slip retardant sole stitched to the fabric (not a liquid-tight connection), which is available in one size only (maximum shoe size that can be worn is 45 (UK size 11); Model POBA.

It is certified that the manufacturer's technical file and the above mentioned PPE have been assessed and found to meet the applicable Essential Health and Safety Requirements in Annex II of Regulation (EU) 2016/425 Personal Protective Equipment

The following have been applied:

- EN 14605:2005 + A1:2009 (Protective clothing against liquid chemicals) for partial body protection against liquid chemicals (Type PB [3]);
- EN 14126:2003 (Protective clothing against infective agents) for the performance classification: 3-B.

This certificate is issued on the strict condition that appropriate checks on manufactured PPE, as detailed in Article 19 (c) of the Regulation are implemented and maintained while the model is in production. Certification is based on technical file reference: Tychem 6000 F Accessories, Oct 2018
